

Stories Day and Night: A Celebration of Storytelling

Come ignite your imagination and warm your hearts!

MoonShadow Stories invites you to an intimate and exclusive afternoon and evening of oral storytelling for children and adults. MoonShadow Stories is celebrating its 5th anniversary with this Storytelling Marathon held on World Storytelling Day (held each year during the Spring Equinox).

Stories Day and Night has tales for the young, the young-at-heart, and mature listeners in five different programmes held back-to-back within seven hours. This unique storytelling marathon, the first of its kind to be held in Singapore, is a special event not to be missed...
